

International Internship Program

Who we are:

VEYOND PARTNERS is an expert research, consulting and new business venturing firm specializing in the TMT (Telecom/Media/Technology) sector. Besides Japan, Korea is one of the most sophisticated markets in the TMT industry. Understanding what the trends and developments in Korea are, can become our clients' competitive edge. However it is not easy to know what is really happening in Korea if you are not Korean natives. VEYOND Partners provides insightful and perspicuous market intelligence by leveraging its Korean roots. It either helps to find the right partner in Korea or becomes a partner itself by utilizing.

Who we look for:

Our employees are our greatest assets and we work in a challenging and team oriented environment. We have one vacant intern position and are constantly looking for new interns with an international background interested in the TMT sector.

- Smart and ambitious people with high potential eager to enter consulting, research or related fields
- Good communication and inter personal skills
- Strong English skills (oral and written)
- Korean is not required

What we offer:

- A flexible, result oriented and open working environment
- Understanding of up-to-date trends and key insights into the TMT sector
- Duration 6-12 weeks
- First hand experience in Korean business and working culture
- Analytic and problem solving skills – being critical to enter consulting/research/investment banking
- Monthly remuneration and meals are provided

„After being an exchange student at SNU, I wanted to get to know the Korean working culture better. While working at VEYOND PARTNERS I not only did that, but also got to know many interesting professionals in the TMT industry. I hope to utilize my new knowledge about the Korean TMT sector for my future career at a leading global consulting firm.“
